

## STATEMENT OF WORK

### **Background:**

The Bureau of International Narcotics and Law Enforcement Affairs (INL) is an instrumental leader in the development of policies and programs to combat international narcotics and crime. INL programs support two of the Department of States' strategic goals: (1) to reduce the entry of illegal drugs into the United States; and (2) to minimize the impact of international crime on the United States and its citizens. One of the many ways to effectively meet the listed goals is to collaborate with allied governments both directly and indirectly to promote the modernization of and support the enforcement operations of their foreign criminal justice systems and law enforcement agencies.

INL supports the development and training of the National Police of Ukraine's SWAT Department (KORD)". KORD is an elite SWAT unit, with officers selected, vetted, trained and equipped to best international standards to perform high-risk situations which exceed capabilities of regular police. Following the model we successfully implemented in Kyiv KORD HQ, we agreed to support the development of Regional KORD units. Currently KORD is seeking assistance in providing steel targets to their Regional Commands.

The purpose of this statement of work is to solicit and execute the purchase of steel targets. The purchase will improve the training effectiveness of the KORD Regional Commands and will increase the ability to tactically perform under critical circumstances.

**Work to be done:** A vendor will provide the steel targets with the following specifications – see below. This is technical assistance project (VAT exempt).

**Deadline:** These items must be delivered to National Police's warehouse at Sviatoshynska, 27 Street within 60 days from signing the contract.

### **001 Double Popper**

**Quantity – 27**

#### **SPECIFICATIONS:**

- Target type: falling
- Armox 550 steel (brand name or equal), not less than 10 mm thick, hardened by a special Triplex technology (or equal) (hard layer - soft middle - hard layer) to avoid micro cracks effect
- Easy to assemble, consists of three parts
- High quality steel stand
- Black powder coat finish
- Approximate dimensions: R50; 835x100x2618mm
- One target can withstand 1000 or more shots
- Can be used as rifle target or as pistol target

**004 Gong D100 (hanging)****Quantity – 52****SPECIFICATIONS:**

- Armox 550 steel (brand name or equal), not less than 10 mm thick, hardened by a special Triplex technology (or equal) (hard layer - soft middle - hard layer) to avoid micro cracks effect
- Round-shaped target gong has a tab with holes for attachment by chains, rubber bands, etc.
- Black powder coat finish
- Sound effect
- Compatible with CLIN 008 and 009
- Approximate dimensions: D100x300 mm
- Weight: up to 2.5 kg

**005 Gong D300 x 320 mm (hanging)****Quantity – 52**

## **SPECIFICATIONS:**

- Armox 550 steel (brand name or equal), not less than 10 mm thick, hardened by a special Triplex technology (or equal) (hard layer - soft middle - hard layer) to avoid micro cracks effect
- Round-shaped target gong has a tab with holes for attachment by chains, rubber bands, etc.
- Black powder coat finish
- Sound effect
- Compatible with CLIN 008 and 009
- Approximate dimensions: D300x320 mm
- Weight: up to 8 kg
